## ▶ Take a Look Inside Our Program

01

### 360-Degree General Assessment Session

A holistic assessment session, or 360-degree evaluation, takes a comprehensive approach to analyzing a client's current state, considering various factors such as financial situation, emotional well-being, relationship status, hobbies, and other relevant aspects.

02

### Business Opportunity and Life Purpose Assessment Session

Understanding your purpose is essential for professional growth, as it enables you to set meaningful goals, focus on achieving them, and align your personal and professional values. It also serves as one of the criteria for evaluating business opportunities or projects.

03

### Mindset Mastery Session

Evaluating your mindset is vital for personal and professional growth, as it can uncover limiting beliefs and negative thought patterns that hinder potential. A growth-oriented mindset leads to better performance, greater resilience, enhanced creativity, and the ability to overcome challenges and obstacles.

04

### Mindset Reprogramming Session

Reprogramming your mindset involves replacing limiting beliefs and thought patterns that block success with those that foster achievement and growth.

05

Success Pillars and Their Application to Business or Projects  
Developing the fundamental pillars of success (Passion, Resilience, Persistence, Courage, and Impatience). The lack of development in these pillars often contributes to feelings of helplessness, low self-esteem, and self-doubt.

06

Creating a New "You" (Alter Ego)

By using an alter ego as a tool, clients can tap into a new source of strength, resilience, and motivation. They can embody the qualities and characteristics of their alter ego, overcoming limitations, which can lead to greater success and fulfillment in all areas of life, both personal and professional.

07

The Secret Methodology of Success Session

The study and implementation of historical success habits, based on literature and research from the past 90 years, can lead to greater success and personal fulfillment. In this session, we will focus on the eight key habits identified as common factors in several studies.

08

Communication Mastery Session

Effective communication is the foundation of any successful organization and the number one factor that can make or break a team's success. In this session, we will work on incorporating key elements of effective communication, focusing on active listening, clear and concise messaging, and understanding non-verbal cues. By improving your communication skills, you will be better equipped to lead your team, build stronger relationships with stakeholders, and achieve your goals.

09

### Creating the Leader

We will focus on leadership development, exploring key strategies to strengthen your ability to influence and motivate your team toward achieving common goals. We'll cover how to cultivate a growth mindset, develop emotional intelligence, and communicate effectively to inspire trust and commitment. Additionally, we will analyze real-world examples and apply practical techniques that you can immediately implement to improve your leadership and guide your team toward sustainable success.

10

### OKR Strategic Planning Session

In this session, we will work to create a personalized strategic plan using the OKR (Objectives and Key Results) methodology. We will leverage all the knowledge and information gathered in the previous 9 sessions to craft a plan tailored to your specific goals and aspirations. By the end of this session, you will have a concrete action plan that will guide you toward the desired results, along with the tools and support you need to stay focused and motivated on your journey.

11

### Closing Session

Final recap session! This is where we consolidate everything we've learned. You now have all the necessary tools to conquer any challenge that comes your way, with newfound clarity of action, a transformed mindset, a stronger sense of identity, and the full force of determination by your side.

## ▶ Pre-Session Brainstorming

Answer these questions as a brainstorming exercise.

What would you like to create or achieve in the next 3 months?

What are the biggest obstacles preventing you from reaching your goals?

Why is it necessary for you and your loved ones to achieve these goals?

## ▶ Frequently Asked Questions (FAQ)

Question #1:  
Why is this program different from others?

Because it doesn't focus solely on one particular area of your growth, but instead provides a comprehensive development that ensures success.

Question #2:  
How does it help me double my income?

By maximizing all your capabilities, you develop skills that you didn't have before, which allows you to access additional areas for monetizing your experience and knowledge, whether through new income streams or negotiating better salary conditions.

Question #3:  
How much time does the execution of the program require?

3 months, with 1 weekly session of 60-90 minutes.
